

# Olive Tree Ministries International

Shalom Everyone:

Why pay thousands of dollars and suffer Jet lag, being able to only spend 5-7 minutes at many sites as you rush from one place to another barely able to catch your breath? NOW, you can learn about Israel from the safety and comfort of your own home!

Semester #1 of the Virtual Tour of Israel classes is now available on flash drive, available for purchase. To find out more info on this, what's included and the price, go to the tab "***Israel: Geography and Culture***".

Hope to see everyone for Semester #2 Zoom Meetings for the Virtual Tour of Israel, which has begun. As in Semester #1, each months Zoom Mtg. will be uploaded to web-site monthly. Just click on the tab "Zoom Mtgs."
